

Caring for our Country 2009-10 Reserve List as at 11 December 2009

Attachment to SRM 12

Proponent Name	Project Activity
Murray Darling Basin Authority	Darling Rivers & Wetlands (DRAW) Program - sustaining aquatic habitats in the northern basin
Desert Channels Queensland (on behalf of nine partners)	Protecting the intact ecosystems, sustainable industries and thriving communities of the Greater Lake Eyre Basin
Burnett Mary Regional Group for NRM Inc.	Managing threats to the natural integrity of Fraser Island, the Great Sandy Strait and Coastal Systems
Department of Environment and Conservation (WA)	Managing Key Aquatic Ecosystems in South-west Western Australia
Pila Nguru Aboriginal Corporation	Spinifex Mapping and Country Planning Project
Northern and Yorke Natural Resources Management Board	Conserving the Yorke Peninsula: A 'Mainland Island' of Nationally Threatened Species
West Gippsland Catchment Management Authority	Protecting Woodlands and Derived Native Grasslands in the Macalister Landscape Zone.
Merri Creek Management Committee	Reinforcing ecological values at EPBC-listed grasslands in the Merri habitat corridor north of Melbourne
Wimmera Catchment Management Authority	Building on the best – Helping landowners manage threats to endangered buloke woodlands on their land
South Australian Research and Development Institute	Community-driven restoration of Adelaide's lost seagrass
West Gippsland Catchment Management Authority	Protecting the Corner Inlet Ramsar Site and Coastal Hotspot
Glenelg Hopkins Catchment Management Authority	Woodland protection in the Glenelg Basin
Australian Rivers Institute, Griffith University	The Development of Best Management Practice (BMP) Standards for Alluvial Gully Stabilisation in Northern Australia
Fitzroy Basin Association Inc	Improving land management practices to reduce hillslope erosion across the Fitzroy
Queensland Primary Industries and Fisheries	Getting legumes into our pastures: Less erosion with more cover, soil carbon and productivity
South Australian Arid Lands Natural Resources Management Board	Managing southern pastoral lands for ecological and productivity benefits through coordinated on-ground works
Tasmanian Landcare Association Inc	State-wide (TAS) devolved grants program to support community engagement with CfoC targets through small-scale projects.
Conservation Agriculture Alliance of Australia and New Zealand (CAAANZ)	Farmers helping farmers to improve sustainable land management practices in key risk areas
Queensland Dairyfarmers' Organisation	"Dairying Better 'n Better for Our Soil" - Improving soil carbon and reducing soil loss on Queensland dairy farms through improved practices
Burnett Mary Regional Group for Natural Resource Management Inc.	Soil Acidification Improved Land Management in the Burnett Mary Region
AGRM Pty Ltd (trading as Agricultural Resource Management)	Improving Land Management Practices to Increase Soil Organic Carbon in Southern Tasmania
Western Catchment Management Authority	Engaging the Community through Landcare activities to Reduce Wind Erosion in the Western Catchment
TM Organics Pty Ltd	Soil improvement for sustainability in Northern and Yorke NRM region
Trees For Life Incorporated	Vital Communities: Volunteers and professionals restoring healthy, diverse, sustainable ecosystems on a regional scale
Holbrook Landcare Group	Slopes to Summit: Increasing landscape resilience in the face of climate change

Caring for our Country 2009-10 Reserve List as at 11 December 2009

Queensland Murray Darling Committee Inc. (QMDC)	Soil condition in the Murray Darling Basin - where are we heading?
Queensland Fruit & Vegetable Growers Trading as Growcom	Reduced tillage best practices for vegetable growers in Border Rivers and South East Qld
Wheatbelt East Regional Organisation of Councils (WEROC)	Perennial farming systems targeting wind erosion within the North Eastern and southern Wheatbelt regions of WA
Northern Territory Cattleman's Association	Reducing impact of invasive species on floodplains, by improving NRM knowledge and skills of Land Managers
Condamine Catchment Natural Resource Management Corporation Ltd	Sharing Traditional and Scientific Knowledge of place: breadth and depth brings clarity to ecosystem function
Dromana Foreshore Committee of Management Inc	Foreshore Habitat Restoration Stage 2
Rose Ashton	Protecting and enhancing biodiversity of 46 ha of grassy woodland adjacent to Mt Barker Creek.
The Cabin Communities Landcare Group Inc.	Stepping Stones to linking Littoral Rainforest remnants within Royal National Park through Community Engagement
Condamine Headwaters Landcare Group Inc.	Habitat Maintenance for a Gondwanaland Survivor - The Never Ending Story
Wagonga Local Aboriginal Land Council	Wagonga rangers protecting biological and cultural values in Wagonga Inlet
Bush Heritage Australia	Rehabilitation of endangered Brigalow in central Queensland which benefits the endangered Bridled Naitail Wallaby.
Wollongong City Council	Reducing the impacts of weeds and rabbits on Littoral Rainforest at Perkins Beach, Widang.
Warrenbayne Boho Land Protection Group Inc.	Reconnecting fragmented woodland habitat for threatened species through strategic planning and linkage to the Hume Freeway Fauna Bridges.
Coffs Harbour Regional Landcare Inc.	Engaging the Community in NRM actions in the Coffs Coastal Catchment of Northern NSW
Eastern Hills & Murray Plains Catchment Group Inc	Protect and buffer remnant vegetation - Monarto Zoological park annexe
Wiradjuri Condobolin Corporation	Restoration of Murie billabong near Condobolin in central NSW
Greening Australia (Tas) Ltd.	Community focused recovery actions for the Central North Burrowing Crayfish
Adelaide and Mount Lofty Ranges NRM Board (for Wether Station Creek Project Group)	Wether Station Creek Catchment Habitat Protection, Corridor Development and Creek Rehabilitation, Onkaparinga Valley SA.
Mid Murray Local Action Planning Committee Inc	Reducing impact of willows in the Mid Murray while improving community skills, knowledge and engagement.
Bunya Community Environmental Association Inc	Extension of "Back to Basics" Community/School Workshops and Revegetation - Moreton Bay Marine Park Catchment.
Northern and Yorke Natural Resources Management Board	Eradicating Bridal Creeper to protect nationally threatened communities & species in the Southern Flinders Ranges
Hornsby Shire Council	Restoring Critically Endangered Vegetation and Habitat Links with Hornsby Communities
Constellation Australia Limited trading as Consetllation Wines Australia	Exclusion and removal of invasive carp from Banrock Station Ramsar Site
Fitzroy Basin Association Inc	Creating Coastal Conscience through Caring for Our Curtis & Capricorn Coast - FBA Supporting Community Coastcare
Trees for the Evelyn and Atherton Tablelands Inc (TREAT Inc.)	Peterson Creek Wildlife Corridor to link Mabi Forest Remnants in the National Estate
Kangaroo Island Natural Resources Management Board	WoNS: A Regional Approach to Integrated Weed Management on Kangaroo Island
Australian Marine Environment Protection Association (AUSMEPA)	Approaching NRM landscape change through education tools relevant to Indigenous communities in Remote Northern Australia

Caring for our Country 2009-10 Reserve List as at 11 December 2009

Reef Catchments Mackay Whitsunday Inc	Eradication of Mimosa pigra from Peter Faust Dam in Queensland
Kingborough Council	Snug River Rehabilitation and Environmental Education Project – Stage 1
Greening Australia (Tas) Ltd.	Targeted restoration of the Leven River at Gunns Plains
Nyah West Landcare Group Inc	Rabbit Warren Ripping to reduce Rabbits in our Mallee Environment
Tamar Region Natural Resource Management Strategy Reference Group Inc. (Tamar NRM)	Protecting High Priority Biodiversity through Eradication and Reducing the Impact and Spread of Weeds of National Significance in the Tamar Region
City of Onkaparinga	Protecting and restoring biodiversity in priority coastal reserves
Barron River Catchment Management Association Inc. (BRICMA)	Coastal community engagement through the rehabilitation of Littoral Forest along Thomatis Creek, Barron Delta
Moreland City Council	Westbreen Creek Critically Endangered Species and Communities Partnership Project (Stage 1)
KOOLOONONG NATYA LANDCARE GROUP INC.	Eradication of Bridal Creeper from Riverine Environs and Satellite Infestations
Condamine Headwaters Landcare Group Inc	Coordinating partners for coordinated action – Managing blackberry near the Queensland containment line.
Greening Australia	Training of Indigenous Ranger groups to manage invasive species at wetland sites within Central Australia.
King Island Natural Resource Management Group Inc.	Minimisation & eradication of WoNS threats to biodiversity – King Island
Wildcare - SPRATS	Eradicating ecosystem transforming weeds from the Tasmanian wilderness coastline.
Kangaroo Island Natural Resources Management Board	Managing native habitat for recovery of the endangered South Australian Glossy Black-cockatoo on Kangaroo Island
Conservation Volunteers Australia (CVA)	Mallee-blocks Integrated Biodiversity Project
Australian Trust for Conservation Volunteers	Sea Turtle Habitat Protection within Darwin Harbour
Bellarine Landcare Group Inc. (BLG)	Protecting Lake Connewarre and Swan Bay Ramsar Sites by Pest/Weed control, Revegetation, and Community Education.
Sydney Harbour Federation Trust	Removal of Weeds of National Significance from the endangered Eastern Suburbs Banksia Scrub, North Head.
Queensland Murray-Darling Committee Inc.	Northern Basin war on water weeds
Maitland City Council	Wildlife corridor consolidation across the Hunter Valley floor through the Maitland Local Government Area.
North Burnett Regional Council	Weeds of National Significance were 'Wons upon a time' in the upper Burnett River Catchment.
Gnaraloo Station	Community monitoring of endangered and vulnerable marine turtles at Gnaraloo Ningaloo Reef
Butchers Creek Hall Association Inc.	Riparian Repair, Habitat Restoration and Protection in Cassowary and Tree-kangaroo Habitat
Bennetts Beach Dunecare Group	Bennetts Beach Regeneration Project
Mount Eliza Association for Environmental Care	Enhancing Grassy Woodland understorey and orchid habitat at Moorooduc Quarry Reserve
North Warrandyte (Osborne Peninsula) Landcare Group Inc.	Reestablishing links in habitat corridors to protect threatened species and enhance biodiversity
Tathra Wildlife Trust	Coastal community engagement to protect biodiversity and native habitats in Killarney Creek Catchment

Caring for our Country 2009-10 Reserve List as at 11 December 2009

Invasive Animals CRC on behalf of the Rabbit Management Advisory Group	RabbitScan: Australia-wide community monitoring to reduce rabbit impacts to threatened species, habitats and agriculture
Rural Solutions SA (on behalf of 'The Friends of Sleaford')	Sleaford - coastal stabilisation and revegetation
Pittwater Council	Managing Pittwater's Littoral Rainforest and Coastal Vine Thickets into the future.
Centre of Excellence in Natural Resource Management (CENRM), University of Western Australia (UWA)	Production of illustrated guides and skills training for identifying aquatic invertebrates of southwestern Australia
Cape to Cape Catchments Group	Increasing volunteering, participation and indigenous engagement in managing the natural resources of the Margaret River region.
Eyre Peninsula Natural Resources Management Board	Wirangu Traditional Knowledge Revival
North West Environment Centre	Building Community NRM Capacity to Restore Estuarine Health in the Robbins Passage Boullanger Bay Wetlands
Condamine Catchment Natural Resource Management Corporation Ltd (trading as Condamine Alliance)	Towards Eradication of Chilean Needle Grass through strategic planning, training and targeting outliers
Scouts Association of Australia - NSW Branch	Harbourside landcare and water quality activities by the Scout Association-Iron Cove District.
Jetty Dunecare Coffs Harbour Inc.	Coffs Harbour Jetty to Boambee Headland Coastal Regeneration and Community Engagement
Winda Mara Aboriginal Corporation	Lake Gorrie Remnant Vegetation Protection Project
Trees In Newcastle Inc (TIN)	Expanding coastcaring and sharing of on-ground expertise and training with Newcastle coastal communities and schools
GJ & CA Offerman	Improve status of critically endangered ecological community in Pilliga sub-catchments by rabbit control
Nambucca Shire Council	Nambucca Valley Littoral Rainforest and Coastal Enhancement
NSW Department of Primary Industries	Fishers for Fish Habitat – coastal recreational fishers making fish happen!
Western Australian Fishing Industry Council WAFIC	A collaborative, broad scale approach aimed at removing flotsam and jetsam from the Western Australian coastline.
Cooper Creek Catchment Committee Incorporated	The Cooper Creek and Georgina Catchment Committees Remote Area Community Engagement Project
Barron River Catchment Management Association Inc.(BRiCMA)	Providing consulting services (assessment/design) for soil conservation & acidity conservation on the Atherton Tablelands
