2. For this financial year to date list which department/agency is providing its employees with payments under the Government's Paid Parental Leave scheme? Please list how many staff and their classification are in receipt of these payments.

**Answer:**

1. Only people who register with and who are accepted by the Family Assistance Office (FAO) are eligible to receive payments, subject to the combined income threshold test applied by the FAO. Employers do not determine eligibility. They only accept responsibility to process payments (via their pay systems) to employees who have registered with and been accepted by the FAO. Accordingly, the ASC is not able to advise how many employees are eligible to receive payments.

Protective security policy framework

Provide an update for your department/agency, including what is your current compliance level, what are you doing to manage risk, what is being done to comply with the mandatory requirements and details of any department/agency specific policies and procedures.

**Answer:**

The ASC Security Steering Committee is assessing its compliance with the 33 'mandatory' requirements of the PSPF adopting aspects of the new policy as 'best practice'. As a CAC Agency, the ASC is not required to comply with the PSPF unless directed to do so by its portfolio Minister. As of 30 October 2012, the ASC compliance with the PSPF requirements is as follows; 16 compliant, 15 partially comply and two that are still to be fully assessed. The ASC Security Steering Committee's mandate includes monitoring and delivering 'whole of government' changes to security and their potential impact on the way the ASC conducts its business.

The ASC's Protective Security Framework is built around five key policies of protective security. These policies are: Personnel Security Policy, Physical Security Policy, Information Security Policy, Security Investigations Policy and Risk Management Policy.
