Dear Sir,

Re: Inquiry into the conduct of the 2004 Federal Election

Council at its recent meeting held March 11, 2005 resolved to advise "hat the timeframe for posting of ballot papers does not allow for postal votes to get to far thrown properties"

This is a result of the mail services being once per week in many areas and require a deliberate delivery schedule to ensure both delivery and return posting greater than that currently experienced.

If you should wish to discuss this matter further, please contact the undersigned on 07 4655 1777.

Yours faithfully,
