Dear Sir / Madam,

**DSP Australia Inc comprises of the young pensioners who are
In receipt of the ' Disability Support Pension ' formally 'Invalid
Pension.**

**We write to you to request a compassionate consideration to our
Members who are the YOUNG ones in Australian Society, who
Are also in need of urgent help, the same as our Seniors, but since
The name change from 'Invalid Pension' to DSPpension all that
Was has now vanished, and the Concession's Rate is no longer in
Line with the low fixed income that a Young DSPpensioner
Receives each fortnight to live on and pay day to day expenses
Plus the cost of medications for them to live decently in a dignified
Life-style. DSPpensioners do not have the Capital as our Seniors,
Which means that they are the ones to go without.**

Nursing Homes for DSP's should vary from Seniors.

Sincerely,

J Leggetts
