Dear Senators,

My apologies, one more additionally item it left of the previous list is the link to the Stateline story on suicide & the memorial service held in Campbelltown in April this year

Subject: RE: Tasmanian Senate Inquiry into Suicide

Dear Senators,

Thank you for the opportunity to discuss and visit you made to our centre yesterday. I am following up with some addition items we discussed during the hearings.

1. As requested during the Lifeline presentation during the Tasmanian Senate Committee hearing into suicide, please find attached the copy of the Advertisement for the Tasmanian Suicide Memorial Service placed in all Tasmanian Papers on the 10th of April this year.
2. Please also find a link to Lifeline's Service finder here... http://www.lifeline.org.au/find_help/service_finder
3. Further to the discussions regarding the Uniting Care booklet. This booklet is a Launceston specific booklet for families services. I does not cover any service outside of the greater Launceston service area, and as I understand, is recently new. This is why the TimeOut projection is listed here, and why Lifeline Hobart does not hold copies of the booklet yet. We have some copies coming to our office for distribution should we come across people needed to access support in the Launceston area.

Many thanks for your time yesterday.

Regards

Christopher JOHN

Suicide Memorial Service ^{10/4/10}

Losing a loved one to suicide is a sorrow unlike any other, but you are not alone.

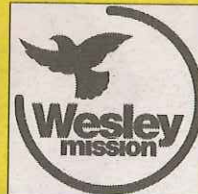

We invite you to attend the inaugural LifeForce Suicide Memorial Day for the state of Tasmania. The service is an opportunity to reflect and remember loved ones.

The service will be held at 12pm on
Tuesday, April 20th
at The New Grange Centre,
Campbell Town.

We hope you will join with others who understand something of your journey.

Please RSVP to Steve Barker on 6224 3450

Together in a spirit of
comfort and hope
