

To Senators on the Senate Select Committee on Climate Policy,

Forget 5% - we need to aim for 50% at the very least.

For ONCE, Australia must lead the way on the world stage; set the example rather than always be the blind sheep following the rest.

REVOLUTIONISE our relationship with the environment and the smartest people will come to Australia from all over the world to contribute to our economy.

Australia needs a strong, ambitious and fair emissions trading scheme, not a plan that protects polluters and stands in the way of the change we need.
