

To the Committee Secretary,

I am writing to let you know that I voted for the Labor Party only because the party told the voting public that it would repaeal the very bad Commonwealth Radioactive Waste Managemnet Act,I will be extremely upset with the Labor party if it does not keep the promise and repael the Act. I urge the Labor Party to DO THE RIGHT THING, KEEP YOUR PROMISE!, REPEAL THE ACT, I know of many other people who will be "very pissed off!" if the labor party does not keep it's promise on this!
