

BoysTown endorses the FIA's stance in supporting a full exemption for Charities in the national Do Not Call Register. It is our belief that Charities are not responsible for the current negativity in the community towards telemarketing, nor do they account for the majority of such calls as has been suggested in some recent media. An exemption from the Do Not Call Register in an environment of self-regulation recognises the enormous and sometimes unrecognised contribution Charities make to the social and economic wellbeing of the community.
