

Committee Secretary, Senate Economics Committee
Dept of the Senate
Parliament House, Canberra ACT 2600

I refer to a Notice of Motion, where Senator Christine Milne moved that a senate enquiry to be put in place where she requests that all matters contained in the motion relating to the housing industry, be referred to the Economics Committee for investigation and report by May 2008. I welcome and support the motion. Being one of numerous builders directly affected by two contentious matters contained in the motion that are to be investigated. ie:

(a) The current last resort mandatory Builders Home Warranty Insurance scheme and the alleged collusion between the Housing Industry Association (HIA) the Housing Industry Association Insurance Services (HIA Insurance Service) and Vero Insurance Co and the role played by the Housing Industry Association in developing government policy. I also hope the Senate enquiry final outcome is successful.
