Subject: Inquiry into the Commonwealth Electoral Amendment (Democratic Plebiscites) Bill 2007

If J Howard is really concerned what The Australian Community thinks, why doesn't he setup up Senate Committees Inquires on The Never Ever GST, Illegal War on Iraq etc etc,

Like this Government Stacked Inquiry into the Commonwealth Electoral Amendment (Democratic Plebiscites) Bill 2007?

Which will clearly result, in what J Howard wanted to hear and not what The Community wanted to hear.
