1	COAG Health National Partnership	Chapter 2 page 13 para 2.29.	The Agreement states that ... targets are to include delivering health checks to 55 per cent of the adult Indigenous population (around 155 000 people) over 5 years with about 600 000 chronic disease services delivered in the same period. The Agreement also commits to provide more than 90 000 Indigenous people with a chronic disease with a self-management program and around 74500 Indigenous people with financial assistance to improve access to Pharmaceutical Benefits Scheme (PBS) medicines. The committee will follow the progress of this initiative and will attempt to gather further details on such issues as the number of Indigenous adults now receiving health checks, what chronic diseases are being targeted and the impact this is having.	Update on progress made in delivering on these targets.
2	Access to dental services for Indigenous people in rural and remote areas	Chapter 2 page 20 para 2.61	There is ... a Commonwealth government commitment of \$11 million over four years to improve access to dental care services for Indigenous people in rural and remote areas. The committee notes that in order to achieve this improvement the Commonwealth government has announced a trial of mobile dental facilities. The Commonwealth government has also committed to evaluating this trial and the committee will monitor any improvements in dental health.
