Regional and Remote Indigenous Communities

Dear Sir,

I, Margaret Iselin, President of the Minjerribah Moorgumpin Elders-in-Council, welcome the long awaited response to our Communities' needs from a Government perspective.

As an Elder in our Community I look forward to the effectiveness of these issues being a priority. Please find below the issues we would like attended to.

In our Community, I would like to see more traineeships, work programmes and more work in beautifying our community.

I would love to see more job programmes to get our young people motivated.

I thank you for asking for our input and I look forward to good results.

Yours Sincerely,

Aunty Margaret Iselin
