To Whome it May Concerne

We are a small funded Organisation called the Mungindi Kids Aboriginal Corporation also known as the Mungindi Kids Crime Stoppers we get funded every 3 Mths to keep ourselves going in the way of Patrolling around the Community and Keeping the Kids off the streets at night. Everything has been going well for the past 3 years. Before this started crime ~~was~~ high, now as the years went by e things are starting to get under control and the crime rate is down. Also we get funded for such things as Camping Equipment, boat & outboard ext For we take the Kids out on Camping trips & Fishing als trips away. There's not much in the way of things to do in our small Community and I know the Kids look forward to these little outings. All this would not be possible if it was not for ATSIC Funding. I and many Others would hate to see anything happen to ATSIC in the near future.

Kind Regards

Co Ordinator
