(LAST DAY FOR SUBMISSIONS)

Dear Mr. Hallihan, I wish to voice
my objection to the changes in the
Human Rights Bill, proposed

* Specifically I object to the
clause that relates to permission
or consent to be required from
the attorney general (currently
Daryl Williams.) This politicizes
and acts as a filter for matters to be heard.

I also specifically object to
the idea of reducing the number
of members on the commission, &
the loss of specific knowledge.

* I also specifically object to
the commission being made
a 'generalist commission', and not
'particular commission' for the
human rights

I would like to attend the
commission hearing. I strongly object.

M/S. Jessie-E. C. Duthie.

Equal opportunity ①

I have fought battles

to become the first female
building inspector in Victoria
(probably in Australia).

I am a retired member of
the "Australian Institute of
Building Surveyors.." (A.I.B.S.)

alsoCareer's Rights ②

I have fought for the
recognition of the carer's
work (whether 'next-of-kin'
want the carer recognised
*or not) so that the carer
can use the reference (from
a Dr Caring for the carer)
to prove good character and
aptitude & skills in order to
get ① 'police clearance'

② get into an *educational
course as a mature-age
student, using the skills
gained as a carer
(paid or unpaid; formal
or informal care work.)

③ Use the qualification gained
from 'care-work' i.e. a 'medicine'
