To Whom It May Concern:

I'm Charlene Falzon and I am fourteen years old. I attend in a Secondary Junior Lyceum school. My intentions are to become a P.E teacher. My parents always told me that in Australia I have more opportunities because in school, sports is very important while in Malta in sports isn't that important. At school we don't have sports equipment as we are trying to do our best and we don't have a gym to practice sports. In my free time I go to practice dancing and basketball which are my hobbies. My parents this year are going to Australia but I'm not going with them because I have to prepare for my o levels, I wish to go one day because my dad always told me about it and say "What a wonderful country it is" .Dad has been in Australia until he was seventeen years old and my mum has been in Australia until eleven years old. Dad was born in Sydney and mum was born in Melbourne. In my opinion I don't think that it was fair for them; they had to change their Australian citizenship to Maltese before there nineteenth birthday. My dad has his brothers living in Sydney Australia and some of my mum's relations are in Melbourne. This is why I'm writing this letter so if my parents get their dual citizenship I would be able in the future to have the right to decide what's best for me and have chance to live in Australia too.

I hope you take this letter to consideration.

You're faithfully,

A handwritten signature in cursive script that reads "Charlene Falzon".
