6th January 2006

Dear Sir,

I am Daniel Piscope, the son of Josephine Piscope nee' Calleja who was forced to renounce to her Australian citizenship on her 19th birthday so that she could work in Malta. Being her son, I would like very much that maybe one day I can also obtain the Australian citizenship. Mum is always saying what a beautiful country Australia is. Being my mum's native country, one day in future I would like to come and settle in Australia and living up my own family. I'm looking forward to come to Australia to join my several relatives living there.

I thank you in anticipation and I hope you will take my request in consideration.

Yours sincerely
Daniel Piscope.
