Dear Sir/Madam

My name is Andrei Zahra and I am eleven years old. I live in Malta and my parents are Martin and Sylvia. My mum was born in Australia but came to Malta together with her parents when she was six years old. When she was eighteen she had to renounce her Australian citizenship, or else she couldn't work in Malta. My mum talks a lot about Australia and even my grandparents. I enjoy listening about Australia. ~~When~~ I've got relatives in Australia whom we phone often and they also come and visit us. I look forward for their visits and I ask a lot of questions about Australia. I just got a new computer and I often look out for information about

Australia. My mum is hoping she'll get her Australian citizenship back and so do I. I'd like to be Australian as well as Maltese.

My dream is to visit Australia and as I am learning to play the piano maybe I'll play at the Sydney Opera House when I grow up!

Thankyou for reading this letter and ^{may} ~~maybe~~ our wishes come true!

Goodbye
for
Now

Yours
faithfully
Andrei
