

To WHOM IT MAY CONCERN

I Marcia Carlo of _____, Cherbourg was born on the _____ in Cherbourg. I along with my late parents (Phillip & Renee Carlo) lived and worked "Under The Act". Myself along with older siblings were also victims of this time.

Myself personally have worked at the Cherbourg Hospital in 1960's in various sections at the Laundry, Kitchen and Ward and Nurses Quarters. I also worked at the Domestic Science where we learned to cook, sew and make artefacts which was part of a State Government venture.

I believe along with other people that I did not receive award wages or other work entitlements. Also our people were deprived of other benefits that they should have been entitled to such as pensions, child endowment, sickness benefit etc.

My Dad worked for many years at the local sawmill and go peanut chipping on weekends to help feed our large family. To my knowledge he did not receive any award wages or long service, or superannuation.

Trusting the Government will give deep consideration and thought to our statements as it is long overdue.
