

The Committee Secretary,  
Senate Standing Committee on Rural Affairs  
and Transport

Dear Sir or Madam,

I just want to add my voice to the many protests that I'm sure you have received re your decision to change the rules midstream for the 2009 year year students who dream of a university degree.

The Labour party has talked a lot about improving education and then suggest this. It does not make sense.

I urge you to change your ideas to a more realistic approach. More encouraging please.  
Yours sincerely  
Jean Martin.
